BOOK SYNOPSIS

Blazing Miami sun. Cool classic cars. Dangerous undercover assignment. In Sidney Bristols scorching new Hot Rides series, the cars are fast and the romance is furious... Aiden DeHart has a history--and secrets. His classic car garage is a front for an FBI operation. His current mission: get some evidence from a drug dealers ex-wife, then get out. Madison Haughton sending his engine into overdrive isnt part of the plan, though, especially considering she might not be as innocent as Aiden thought... Since her divorce from her sleazeball ex, Madison has sworn off bad boys, gotten some sweet tattoos, and become a star of Miamis roller derby scene. But however fast she skates, her ex is always on her tail. When the sexy guy in the muscle car offers to help, he could be her ticket to safety--or a detour down a deadly road... "Will entice readers with its edgy feel...As intense as it is sensual, and readers will embark on a page-turning quest" --Publishers Weekly "Bristol opens her Hot Rides series in style with this quick-paced, clever, and wholly original romance. She neatly avoids the pitfalls of her chosen trope, making her damsel in distress a gutsy, tough and resourceful heroine, and her savior hero an honorable and honest man with his own insecurities underneath a rough exterior. Their chemistry is blistering, but their ability to share every aspect of themselves makes this relationship uniquely rewarding... Readers who sit back and enjoy the ride will find this a pleasurable read" -- RT Book Reviews, 4 Stars "Fast, furious, and full of heat!" --Julie Ann Walker, New York Times and USA Today Bestselling Author
